FOR IMMEDIATE RELEASE

## **Family Violence Prevention Center Selected as “Change for Charity” Recipient at The Greene**

**XENIA, Ohio – July 31, 2009** – Each year, six organizations are designated to receive a portion of the proceeds from the parking meters at The Greene as part of a program called “Change for Charity.”

The Family Violence Prevention Center is pleased to announce that the center has been selected by The Greene as a Change for Charity recipient for July/August 2009. As a result, several thousand dollars (exact figure yet to be determined) will be donated late this summer to help prevent family violence. The more people that park at The Greene and put quarters in the meters during those two months, the more the Family Violence Prevention Center will receive in proceeds.

Established by the owners of The Greene, the Change for Charity Foundation focuses on providing meaningful support to youth and families in the greater Miami Valley area. By utilizing parking meter proceeds and ticket revenues, The Greene is able to offer support to six charities per year, as well as fund several college scholarships for local area students, and also host several major fundraisers.

All organizations are evaluated primarily on their efforts to support youth and family interests in the Miami Valley. As a recipient, The Family Violence Prevention Center of Greene County will be featured for two months at The Greene and provided opportunities to communicate with The Greene’s many visitors.

For more information or for complimentary quarters for the meters please contact us at **937-426-6535** or email at [info@violencefreefutures.org](mailto:info@violencefreefutures.org).

### **GET HELP**

If you are a victim of domestic violence or know someone that is, please contact your local police department, or the Family Violence Prevention Center of Greene County. Please do not close your eyes

to the violence. If you believe that the abuse will stop without help, you’re wrong. Statistics show that over time the abuse gets worse.
